Product	Washing machine, Dyson Two-Drums Allergy
Designer	Dyson Research and Development Team
Materials	Tub: high-strength polymer containing 40% glass; outer door made from the same material as riot shields
Dimensions	H: 84.8 x W: 59.5 x D: 57.5cm (33 x 23 1/2 x 22 1/2 in)
Manufacturer	Dyson, UK
Website	www.dyson.com

According to Dyson's research, 15 minutes of hand washing produces cleaner clothes than 67 minutes in the best washing machine. By replacing the traditional one drum with two aligned drums that rotate in opposite directions, his patented design replicates manual action. The long wash and soak programmes are replaced by a shorter more rigorous process.

Product	Floor lamp, Dandelion
Designer	Deepdesign
Materials	Aluminium, PMMA, hi-power LEDs
Dimensions	H: 200 x Diam: 55cm (79 x 21 1/2 in)
Manufacturer	Tecno Delta, Italy
Website	www.deepdesign.it

Like its natural counterpart, Raffaella Mangiarotti's Dandelion Lamp is designed to catch any breeze and sways gently. However, unlike the flower, it's incapable of seeding itself.
